SUMMARY

Junior year undergraduate student who is interested and invested herself in the digital engineering field. Familiarity with Python and Java. Experienced in making couple software-related projects. Currently study in HTML, CSS, PHP, and SQL. Excellent communication and time management skills. Great in both working as team and individually. Ready for new experiences and keen to learn new things from internship.

TECHNICAL & SOFT SKILLS

Python	UX/UI Design	Communication
Java	SQL & PHP	Teamwork / Collaboration
HTML & CSS	Object-Oriented Programming	Time Management

EDUCATION

Digital Engineering
Sirindhorn International Institute of Technology, Thammasat University
2022 – Present
Scholarship student
Current GPAX : *3.57 (four semesters)*
Relevant coursework :

- Introduction to Computer Programming
- Object-Oriented Programming
- Data Structure and Algorithms
- Human-Computer Interaction
- Digital Business Experience
- Database Programming Laboratory
- Database Systems
- Engineering Statistics

Relevant project :

- **Buzzer Smacking Game** — Game
  A project assigned in object-oriented programming class, creating a game or system using Java language.
- **StudyBoostAI** — EdTech application
  A group project assigned in Digital Business Experience class, involves the using of "Figma" to design EdTech application that provides convenience to student by applying AI implementation.
- **SuperSoul** — Online Retail Website
  A final group project for Database Programming Laboratory class, involves the using of SQL, PHP, HTML, and CSS. Practicing the knowledge of ER-diagram and implementing in DBMS.
- **Weekly Assignment and Lab Work** — Database Programming Laboratory class
  Involving the implementation of HTML, CSS, PHP and MySQL to create webpages and manage data in database.

ACHIEVEMENT & CERTIFICATE

2022
Won half scholarship for **Academic Outstanding Students** (4-Year continuing scholarship)

2024
Online Courses Certificate

- Chula MOOC : Python for Data Science
- Chula MOOC : Attacking the Real World with Python

LANGUAGES

- Native Thai
- Fluent English
  (IELTS 7.0 : Taken Once in 2021)

ACTIVITIES

SIIT

- **Staff of TU Freshy Games**: First-aid for SIIT team.
- **Buddy of International Student**: Took care of an international student from Myanmar for one semester
- **Staff of CPE-DE orientation**: Registration staff for Digital Engineering Program
